

3T analytik develops and produces sophisticated analytical equipments for label-free research on molecular interactions and electrochemical effects on the basis of quartz crystal microbalances with dissipation (DQCM). For easy-to-use automated liquid handling and high precision fast thermostating, 3T analytik offers tailored solutions.

## qCell T Q2

### Quartz Crystal Microbalance Sensor Platform

- Dual Sensor Channels
- Dissipation & Frequency Monitoring
- Fully Automated Pump Operation
- Peltier Driven Temperature Control
- Easy Handling
- User Friendly Software Interface

## qCell T eChem

### Quartz Crystal Microbalance Sensor Platform

- Designed for Electrochemistry Applications
- Simple Connection to Potentiostat
- Single Step for Sensor Inserting
- Dissipation & Frequency Monitoring
- Fully Automated Pump Operation
- Peltier Driven Temperature Control

## qCell Q4

### Quartz Crystal Microbalance Sensor Platform

- Four Sensor Channels
- Smart System
- Dissipation & Frequency Monitoring
- Optional Fully Automated Pump Operation
- Tailored for Flow Measurement
- Plug and Play via USB Connection

## qCell Q2

### Quartz Crystal Microbalance Sensor Platform

- Dual Sensor Channels
- Smart System
- Optional Fully Automated Pump Operation
- Dissipation & Frequency Monitoring
- Plug and Play via USB Connection

## qCell T

### QCM Sensor Platform

- Fully Automated Pump Operation
- Peltier Driven Temperature Control
- Dissipation & Frequency Monitoring
- User Friendly Software Interface

## qCell

### QCM Sensor Platform

- Optional Fully Automated Pump Control
- Dissipation & Frequency Monitoring
- Plug and Play via USB Connection
- User Friendly Software Interface

## PelTherm

### Temperature Control System

- High Precision Temperature Control
- Up to 6 Independent Microtiter Thermo-Plates
- Fast Integration in Pipetting Robots
- Fast Peltier Driven Heating & Cooling

## ZentriForm

### Microstructure Prototyping Tool

- Rapid Prototyping in High Precision
- Bubble free Silicone  $\mu$ Molding
- Simple to Use
- Optional 4" and 6"
